

# Lloyd Simmonds

*confident dentistry*

Dear Valued Patients,

I am writing to advise you of the sale of my dental practice and the transition of Lloyd Simmonds Dental to Dental on Cambridge. I feel confident that I have found a dentist who has the required clinical skills, integrity and the philosophy of care to ensure you continue to receive the highest quality dental care that Lloyd Simmonds Dental prides itself on.

Please join me in welcoming the Dr Alex Ritchie to the practice, a graduate of Griffith University. Over the past decade Alex has practiced on the Gold Coast, Northern NSW and on the Southside of Brisbane. In fact, in recent years I have entrusted my own dental care to Alex and can assure you of his professionalism, attention to detail and commitment to the highest standards of care.

I will be taking a long awaited two month break, however I will be returning on occasion to provide locum relief for Dr Ritchie and am considering an option to continue in the practice in a part-time role. I will therefore be available to support Dr Ritchie through this transition into new ownership. Our support team clinical staff will be continuing with us, giving you the same personal care and friendly service you are accustomed to.

I am excited at the additional skills, availability and services this transition will bring to the practice. The practice will now be able to facilitate weekend appointments and offer an extended range of clinical treatments with newly acquired state-of-the-art equipment and technology.

I consider myself very fortunate to have you all as faithful patients. We look forward to your continued support.

With warm regards,

Lloyd Simmonds
